

Remote Skills Verification (RSV)

RSV with blended learning is the perfect combination of cognitive learning with flexible and remote skills-verification guided by a live authorized instructor.

How RSV Works

Student takes cognitive portion online when and where it's convenient

A convenient online session is scheduled

Hands-on skills components provided to the student directly

Student and instructor connect remotely for hands-on skills session

Digital certification card is emailed after student successfully demonstrates skills competency

Why RSV?

EMPLOYER BENEFITS

STUDENT BENEFITS

Offers flexible, convenient scheduling

Self-directed study appeals to adult learners

Saves money and improves productivity by reducing class time for your employees

Select a time and location to connect that is best for you
